

**“CONCORSO” FOR ADMISSION AT THE PhD PROGRAMME
IN
MANAGEMENT, FINANCE AND ACCOUNTING**

*“Concorso” call published in the
Official Gazette, 4th special series, n. 26 of April 2nd, 2019*

MINUTES N. 1

On the 17th of June, 2019, at 2:00 Pm at LIUC - Università Cattaneo, Corso Matteotti n. 22, Castellanza, the Selection Committee of the “Concorso” for admission onto the PhD programme in "Management, Finance and Accounting (hereinafter referred to as "the programme") - XXXV cycle" appointed by the Rectoral Decree n. 403 of May 14th, 2019, held its first meeting of the “Concorso” to which it applied the legislative provisions on public “Concorsi”.

The Selection Committee was composed as follows:

- Prof. Valentina Lazzarotti, Active President,
- Prof. Raffaella Manzini, Active Member,
- Prof. Salvatore Sciascia, Active Member,
- Prof. Massimiliano Serati, Active Member,
- Prof. Fernanda Strozzi, Active Member.

The President stated that -by the deadline indicated in the call - 91 applications had been received (see Attachment n. 1).

The Committee recorded the absence of incompatibility, pursuant to articles. 51 and 52 of the Civil Procedure Code, among its members and between them and the applicants.

The Committee verified all the requirements, pursuant to articles 5 and 6, and excluded from the evaluation all the 46 incomplete applications (see Attachment n. 2).

The Committee noted that, pursuant to article 7, the call was published in the Official Gazette, 4th special series, n. 26 of April 2nd, 2019, and that the entrance exam was to consist of the evaluation of three profiles:

- a) The possession of knowledge and skills required to deal with the topics, with profit, of the programme;
- b) The aptitude of the applicant towards scientific research;
- c) The language proficiency required to successfully participate in activities of the programme.

The Committee, in accordance with the call, specified that the criterion of allocating the score is broken down as follows:

- Profile a): up to a maximum of 15 points;
- Profile b): up to a maximum of 30 points;
- Profile c): does not contribute to the score, but a positive evaluation is a required condition to be eligible for admission.

The Committee stated that the ranking is the sum of the scores obtained in the evaluation of the two profiles a) and b) and will be expressed in forty-fifths. The selection is not passed if the overall evaluation is lower than 30/45 (thirty forty-fifths), on condition that the score of the individual profiles a) and b) is at least 9, and 16 respectively.

In the case of a tie on the sum of the profile a) and b) scores, the Committee took into account the lower level of seniority, similar to that reported in the call with relation to the allocation of scholarships.

With regard to profile a), the Committee allocated the 15 points available using the following criteria:

- Graduation pathway, thesis, graduation mark and pertinence: 0 to 13 points.
- Postgraduate education and professional experience: from 0 to 2 points.

With regard to profile b), the Committee will allocate, during the interview, the 30 points available using the following criteria:

- Capacity for analysis and discussion of the economic, engineering, accounting and finance phenomena: 15 points;
- Motivation and attitude towards scientific research: 10 points;

- Publications and participation in research projects: 5 points.

With regard to profile c), the Committee will evaluate the language proficiency during the interview conducted, partly, in English.

After careful reading and analysis of the curricula, certifications and additional information attached to the application form of each candidate, the Committee proceeded to evaluate to reach a consensus on profile a) that resulted in allowing the following candidates to continue:
