Article 6 – Admission Application: Additional Documentation for Foreign Citizens or Those Holding a Degree Obtained Abroad

In addition to the provisions of Article 5 and in accordance with Article 4, candidates holding an academic degree obtained from a foreign university must attach the following documents:

- For candidates who have obtained their degree abroad in EU countries:

- Diploma Supplement;

- For candidates with a degree obtained abroad in NON-EU countries:

- Legalized copy of the original diploma or Master's Degree, with translation if it is in a language other than English
and/or
- Declaration of Value issued by the Italian diplomatic representation responsible for the geographical area where the university degree was obtained
and/or
- Declaration of Equivalence issued by an Italian University

In case candidates do not have the Declaration of Value or the Declaration of Equivalence at the time of application, it will be the Evaluation Committee's responsibility to deliberate on the suitability of the degree, in accordance with the current regulations in Italy and in the country where the degree was issued, as well as any international treaties or agreements regarding the recognition of qualifications for further studies, solely for the purpose of admission to the course.

To request such evaluation, candidates must attach to the participation application:

- Degree or Master's certificate with the corresponding grade, if already obtained;
- Transcript of records of exams taken during the bachelor's or Master's degree program with corresponding grades;
- Any other document useful for the declaration of suitability (e.g., validity certification issued by ENIC_NARIC centers).

The Committee proceeds with the assessment of the foreign degree based on the documentation attached to the admission application. The evaluation will be possible only if all necessary information can be inferred from the documents provided (type of degree; normal duration of the program; official name of the academic institution issuing the degree; date of attainment; grade...). The Committee may therefore exclude applications whose submitted documentation does not provide sufficient elements for evaluation.

The aforementioned documents must be issued by the university that issued them in Italian or English, failing which, candidates may be excluded from the competition.
