

Summer University Warsaw 2026

From July 6th to July 17th, 2026

Participants of Summer University Warsaw will complete a programme consisting of five thematic modules – four compulsory thematic modules and one free-choice thematic module.

Classes are held on working days (from Monday to Friday), from 9:00 a.m. to 2:15 p.m., in three time slots separated by two 15-minute breaks.

Depending on the selection of free-choice module, participants will be assigned to one of two course programmes available at Summer University Warsaw 2026.

Compulsory thematic modules:

- Introduction to Business Management in Global Markets
- Firms Strategies in International Business
- Product and Brand Management
- Artificial Intelligence in Management

Free-choice thematic modules (it is mandatory to choose one of them):

- Startup Entrepreneurship

or

- Creative Problem-Solving Process and Design Thinking

Ects Credits: 6
